41	5	2	1	3	3	1	1	2	20	1		1 The room was much colder when I first walked in Thinking something was going to happen. Just the expectation and waiting was very exciting. I really liked it, someone coming the door or a saw turning on would have been awesome
42	3	1	2	3	2	3	1	2	20	1		
43	3	3	2	2	2	3	2	2	20	1		2 Cooler air and the ground rumbling.

48	4	4	2	4	3	3	1	1	21	0		Nothing unusual but I was aware of the slight chill green blinking lights what appeared to be a noose but I know was just on electric wire.
49	5	1	1	4	4	3	2	1	21	0		
50	4	3	1	3	4	1	2	1	25	1		Nothing out of the ordinary. Some small blinking lights from an electronic box caught my eye.

59	4	3	2	3	3	3	2	1	25	1		1 Something flickering in a window
60	5	3	2	5	5	4	1	5	26	1		I actually am a somewhat superstitious person when it comes to paranormal activity. But not when it's cultural or religions. I wanted to see the ghost or experience but sadly didn't
61	2	3	2	2	2	2	1	3	26	1		1 When the two small lights began to flicker, I saw led symbols in the air.
62	5	3	2	5	5	3	2	5	26	1		1 I saw something flickering outside the window. Perhaps it was wind making the lights shake? There was a man or a pogo stick with a large hat he told me to find his lost gold that he kept in the

Survey Number	Happy	Aroused	Excited	Angry	Confident	Superstitious	Gender	Age	Trial Number	Infrasound On or Off (1 = On)	Count of Unusual Experiences	"Please describe any unusual experiences you noticed during the experiment"
73	5	3	3	5	5	1	1	1	27	0		I didn't see or notice unusual experience
74	4	2	2	3	2	4	2	1	27	0		Nothing besides hearing some wood creaking in the back corner of the room.

83	4	2	2	3	2	2	2	2	27	0		
84	3	3	3	5	3	1	2	4	28	1		None That was incredibly stupid and lame. I swear I waited longer than the time I was in there . So boring: Total waste of time. The haunted Hotel wasn't that scary so I was hoping to be scared for real -- What a disappointment.
85	3	4	5	5	5	2	2	1	28	1		There was a bit of a mechanical tremor in the floor when the narrator mentioned the underground tunnels. But the whole school feels what way due To the generators
86	3	3	2	4	4	4	2	1	28	1		Hungry
87	4	3	2	4	5	2	1	1	28	1		Thought I noticed lights in my peripheral vision, but I think it was from some sort of alarm or smoke detector units with blinking lights up high on a rafter.
88	3	3	2	4	5	4	2	5	29	0		I didn't notice anything beyond the spot - light going out.
89	3	2	4	4	4	3	1	4	29	0		Nothing unusual - just created a sense of anxiety about what was happening
90	4	2	2	4	4		1	4	30	1		I was scared from hearing the story told and then the lights went but and then I've began to grab around for others who would be a comfort to me.
91	5	1	1	2	2	4	2	1	30	1		I felt the train underneath. It is also possible that it was not the train but the audio mentioned the train underneath.
92	5	3	2	5	5	1	1	1	30	1		I didn't have any unusual experiences. It just felt cold
93	4	3	2	5	4	3	2	3	30	1

98	5	4	3	5	5	2	1	5	31	0		
99	3	3	3	5	5	1	1	2	31	0		The only unusual experience is nothing happened after I expected something. The floor did ???though I'm not sure if it was part of the experiment. The lighting from the outside was 1 shining on a box. Was that intentional.
100	3	4	3	5	3	1	2	1	31	0		None
101	3	4	3	3	3		1	2	32	1		1 When the lights went off I could swear I heard a buzzsaw

106	4	2	2	5	5	1	1	1	34	0		
107	3	4	3	3	3	2	2	2	35	1		After the lights went out I saw spots (likely from looking directly at the bright light). I also saw 1 some blinking lights (small green) I heard rumbling, under the floor at beginning of the study.
108	3	4	4	4	3	2	2	2	35	1		None - light was very bright. Wind was blowing when lights were turned off.
109	5	2	3	5	5	1	2	1	35	1		I didn't notice anything out of the ordinary

111	4	2	2	4	5	1	2	5	36	0	0	A little anxiety trying to remember all the names mentioned. Found it fun + interesting. Heard a subway rumble in the end when the lights were out.
112	4	3	3	4	3	4	2	2	36	0	0	find myself wanting to be in a darker space - the darker it is the more scared I am.

117	3	5	5	3	3	2	2	1	37	1	1	None Strange whirring noise across the room. When lights out a flash of light in the dark and then it was
118	3	3	2	5	4	4	1	2	38	0	2	over. Not very scary at all. Don't know what you are researching but it was not scary at all.
119	5	3	3	5	5	2	1	4	38	0	0	Nothing unusual just curious.
120	3	2	2	3	2	3	2	4	38	0	0	1 A light went by at the end, towards the from of the room
121	3	2	3	4	1	4	2	2	38	0	0	2 Drilling noise that came from my left and blinking lights to my right. My right hand became more cooler than the rest of my body. I heard a real weird noise coming
122	3	3	2	5	4	4	1	1	38	0	0	2 from the left side of the room
123	3	3	3	5	5	4	2	2	38	0	0	No unusual exper but it should probably have more special effects. I was laughing so I didn't experience anything unusual except for the noise to the right and some
124	3	3	3	5	3	3	2	1	38	0	0	light in the window My heart rate in - creased entering and exiting the wood shop. I felt a low fr ----- in my chest
125	4	4	2	4	3	1	1	1	39	1	1	1 and a slit pressure on ear - drums The only thing I noticed was when I first walked in the room there was a weird pressure balance
126	3	5	1	5	4	4	2	1	39	1	1	1 that I quickly adjusted to. Nothing to fear at all however I really didn't reel any unusual felling. However the atmosphere was full of mystery, the ??? Not at all. In each moment I am wanting ?? New foot but it made me a bit FRUSTRATED. Waanted more for the experiment. I really would like to get more. On the shop after a great explanation about the m?? and the block out. I was sure that something MORE will happen but it wasn't. Well I will have to get my results and understand what I didn't understand about the experiments.
127	2	1	3	5	4	2	2	4	39	1		
128	3	3	3	3	3	3	2	2	39	1		
129	5	2	1	5	2	4	2	1	38	0	0	I was feeling not so well when I hear that a person was killed in that room... Before that. Nothing special

144	3	3	2	5	5	2		3	47	0		Nothing unusual. I was thinking how the study was being conducted, why the bright lights if doing if after the walk had anything to do with bringing in ??? participants, and I like the smell of wood.
145	4	3	3	3	2	1	2	1	47	0		The bright lights were overwhelming the went off suddenly. I believe I heard sounds from below
146	3	2	2	3	4	2	2	4	48	1	1	1 where I was standing

167	3	3	2	4		4	2	5	55	1		Did not notice anything unusual. Normal shadows of trees behind the window, noises from the haunted house attraction, rumbling at passing train.
168	3	2	3	3	2	4	2	3	56	0		1) Rumbling of the A - train. 2) would have been able to sense more if we had been able to walk around the room
169	3	2	3	4	5	3	1	2	57	1		I saw flickering light in the window but believe they were produced electronically by flickering lights in the room.

188	3	2	3	5	4	2	1	2	62	1	1	I was listening to a lot more things than normal. Therefore I heard a lot of different noises. I felt just more cautious than anything else - not sure what was real or fictitious. Thought I would be more frightened than I was and on guard if anything scary was going to happen.
189	4	4	3	4	3	2	2	2	63	0	0	When the lights were turned off I saw some blinking green lights about and to the right of where I was standing but I am assuming they are part of the equipment set up in the room
